Subject: Letter of Guarantee- Metal Detectable Bandages

From: Crystal Majors, Quality Manager

A handwritten signature in black ink, appearing to read "Crystal Majors", is written over a horizontal line.

This document certifies that the metal detectable adhesive bandages manufactured by Derma Sciences, First Aid Products Division contain aluminum foil as the detectable material indicator.

Documentation regarding the bandage composition and testing for each lot manufactured is maintained as a permanent record at our manufacturing facility located in Zhuhai, China. These records are maintained for a minimum of five (5) years from the date of manufacture.
